

EDUCATION

KAUST Academy <i>AI Specialization Program</i>	JUN - AUG 2026
University of Hail <i>Bachelor's in Artificial Intelligence</i>	2021 - 2026
GPA 3.798 / 4.0 First Class Honors	
International House Manchester, UK <i>English Language Program</i>	JUL 2022

TECHNICAL SKILLS

Programming	Python, Java, SQL, C++	AI & Machine Learning	TensorFlow, PyTorch, Pandas
Web Development	PHP, JavaScript, React	Databases & Tools	MySQL, Power BI, Git, Jupyter

EXPERIENCE

Cooperative Training Intern <i>Saudi Aramco</i>	Sep 2025 – Jan 2026
Worked on enterprise-level AI projects , building and deploying machine learning models on large-scale databases. Python · Machine Learning · Large-scale Databases · AI Deployment	
Intern <i>Social Development Bank</i>	Jun 2025 – Aug 2025
Handled data management and reporting using Excel; supported customer service operations. Microsoft Excel · Data Reporting	

PROJECTS

LLM Critique Predictor: When Should an LLM Listen to Another LLM?	AUG 2026
KAUST Academy · <i>AI Specialization Program</i> Built a classifier predicting whether accepting another LLM's critique improves answer correctness, using dual-direction Solver-Critic interactions on GSM8K math problems, validated across 2000 labeled interactions. Python · Qwen2.5 & Llama-3.2 (4-bit) · Hugging Face · scikit-learn	
Diabetic Retinopathy: AI-Based Detection System	JUN 2026
Graduation Project Developed an AI-powered healthcare platform for early diabetic retinopathy detection using retinal images, with severity classification, explainable AI, and patient follow-up features. Python · PyTorch · FastAPI · React · Firebase	
Predictify: Project Cost & Duration Predictor	JAN 2026
Aramco Co-op · <i>Project Management Group</i> End-to-end system forecasting project cost and duration from historical data using regression algorithms , with a full-stack MySQL / PHP / JavaScript implementation. Python · Regression ML · MySQL · PHP · JavaScript	
SCAI: AI League Strategy Optimization Model	Apr 2025
Reinforcement Learning model built for the SCAI AI League competition to optimize strategy decisions. Python · TensorFlow · Reinforcement Learning · Data Analysis	

AWARDS & ACTIVITIES

- Gold Medal & Special Innovation Award | ITE Expo 2022, London
- Certificate of Appreciation | WIIPA, ITE Expo 2022, London
- 3× Gold Medals in International Invention Competitions
- Other: AI Club Member · Aja Digital Hackathon · AI League Competitor · 2nd Place City Esports

CERTIFICATIONS

Foundation Program in Artificial Intelligence – <i>King Saud University</i>	Aug 2025
Leading with Generative AI – <i>Harvard Business Publishing</i>	Nov 2025
Data Analysis with Python — <i>IBM</i>	Jan 2024
Machine Learning Professional Certificate — <i>IBM</i>	Feb 2024
